Anjali Mishra

Data Analyst | Business Analyst | SQL · Excel · Power BI · Tableau · Python

Pune, India (Open to Relocate) | +91-8175833038 | mishraanjali.official@gmail.com

Portfolio: mishra-anjali-22.github.io | linkedin.com/in/anjali-mishra-44820b1a8 | github.com/Mishra-Anjali-22

PROFESSIONAL SUMMARY

Data & Business Analyst with **4+ years of experience** turning business questions into data-backed recommendations for clients and C-suite stakeholders. Skilled at **gathering requirements**, analysing large datasets with **SQL, Excel and Python**, and communicating findings through **Power BI and Tableau** dashboards and executive read-outs. Experienced across market research, marketing & campaigns, banking & lending and retail & sales, working on 10+ concurrent client projects. Seeking a Data Analyst or Business Analyst role.

SKILLS

Business Analysis: Requirements Gathering, Stakeholder Management, KPI Definition, Root Cause Analysis, Market Intelligence, Client Read-outs, Data Storytelling

Data Analysis: Exploratory Analysis, Segmentation & Cohort Analysis, A/B Testing, Forecasting, Statistical Analysis, Campaign Analysis

SQL & Data Preparation: SQL / MySQL (Joins, CTEs, Window Functions, Views, Subqueries), Data Cleaning & Validation, ETL, Data Modelling (Star Schema)

Tools: Excel (Pivot Tables, XLOOKUP, Power Query, VBA), Power BI (DAX, Power Query), Tableau, Python (Pandas, NumPy, Scikit-learn), Looker Studio, BigQuery, R, SAS, Git

PROFESSIONAL EXPERIENCE

Knowledge Sourcing Intelligence | Pune, India — Apr 2023 – Present

Data Analyst – Market Research & Business Intelligence

- Gather business requirements from clients and turn them into analysis plans across **10+ concurrent client projects**.
- Analyse **100,000+ record datasets** using SQL, Python (Pandas) and Excel to identify market trends and consumer behaviour, contributing to a **30% improvement in client engagement metrics**.
- Designed **segmentation and cohort analyses** to compare customer groups and measure campaign effectiveness, supporting a **20% improvement in campaign targeting accuracy**.
- Present findings and recommendations to **C-suite and senior stakeholders**, backed by Power BI and Tableau dashboards tracking **15+ KPIs**.
- Automated data collection, cleaning and validation, **reducing manual reporting effort by ~40%**.

Datamatics Global Services – HDFC Bank Project | Mumbai, India — Feb 2022 – Aug 2022

Associate – Data Analytics

- Analysed large-scale banking transaction data with advanced SQL and Python to understand **customer payment behaviour** and operational trends.
- Built classification models (Logistic Regression, Random Forest) to predict customer payment behaviour, **improving prediction accuracy by 20%**.
- Ran root cause analysis on data quality issues; new validation controls **cut reporting errors by ~15%**.
- Streamlined recurring management reporting **from 3 days to same-day delivery**.

Codenautics | Pune, India — Feb 2021 – Aug 2021

Data Science Intern

- Built classification and regression models in Python (Scikit-learn, Pandas); performed EDA in Matplotlib and Seaborn.

KEY PROJECTS

Kickstarter Crowdfunding Analysis | SQL · Excel · Power BI · Tableau — View project

- **Question:** what makes a crowdfunding campaign succeed? Cleaned and modelled **300K+ projects (2009–2019)** and analysed outcomes by goal size, category, country and launch timing.
- **Findings:** 38% success rate; goals **under $10K succeed ~46%** of the time; October and Monday/Tuesday launches perform best. **Recommended** realistic goals and early-week launches.

Bank Loan Analytics | SQL · Power BI — View project

- Answered five lending questions on **538,000+ loan records** with MySQL: yearly loan growth, balances by grade, verified vs non-verified repayment, state-wise defaults and home-ownership effects.

Sales Insights Analysis | Power BI — View project

- Analysed **50,000+ sales records** to show which markets drive revenue, who the top customers and products are, and how revenue is trending.

Superstore Profitability Analysis | Tableau — View project

- Compared sales, profit margin and return rate by state, segment and category to show where a retailer is losing profit.

EDUCATION & CERTIFICATIONS

Master of Computer Applications (MCA) | Banaras Hindu University, Varanasi | CGPA 8.20 / 10 — 2019 – 2022

Bachelor of Computer Applications (BCA) | BIT Mesra, Ranchi | CGPA 8.28 / 10 — 2016 – 2019

Certifications: Google Data Analytics Professional Certificate (Coursera) · Data Analyst Certification (ExcelR) · Data Science for Engineers (NPTEL) · HackerRank SQL 5 Star Gold Badge
